

Bonzer® Black EZ40

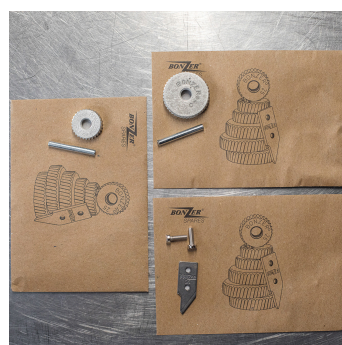

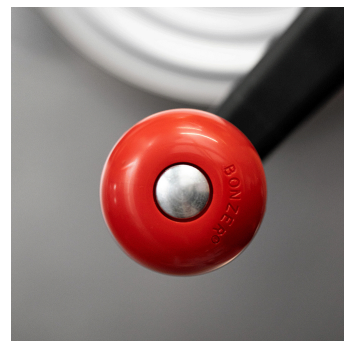

The 40 mm gear wheel: more per turn, less time

DARIDRASERO

Bonzer® Black EZ40

NSF professional can opener with 63 cm long shaft

The first in the series with the larger 40 mm wheel: it opens cans faster and handles the big sizes. Stainless blade, NSF. For hotels, care homes and kitchens up to 40 cans a day.

1. Larger 40 mm wheel

The oversized 40 mm gear wheel advances further with every turn of the handle and noticeably reduces opening time compared with the 25 mm wheel.

2. Stainless steel blade

A clean, consistent cut on cans of any diameter; a smooth, safe edge and no metal burrs in the food.

3. Easy to Clean

Quick blade removal for sanitising: open the catch, pull out the pin, wash with antibacterial detergents.

4. Certification NSF

Compliant with the international food-safety standards required in professional catering.

SKU EZ40

Manufacturer code	10081-03
EAN	5023476048210
Capacity	40 cans/day
Wheel	40 mm
Blade	Stainless steel AISI 301
Certification	NSF
Working height	max 56 cm

Mitchell & Cooper Ltd: ISO 9001:2015 · ISO 14001:2015 · Sedex Supplier Plus · NSF — Made in Uckfield, UK

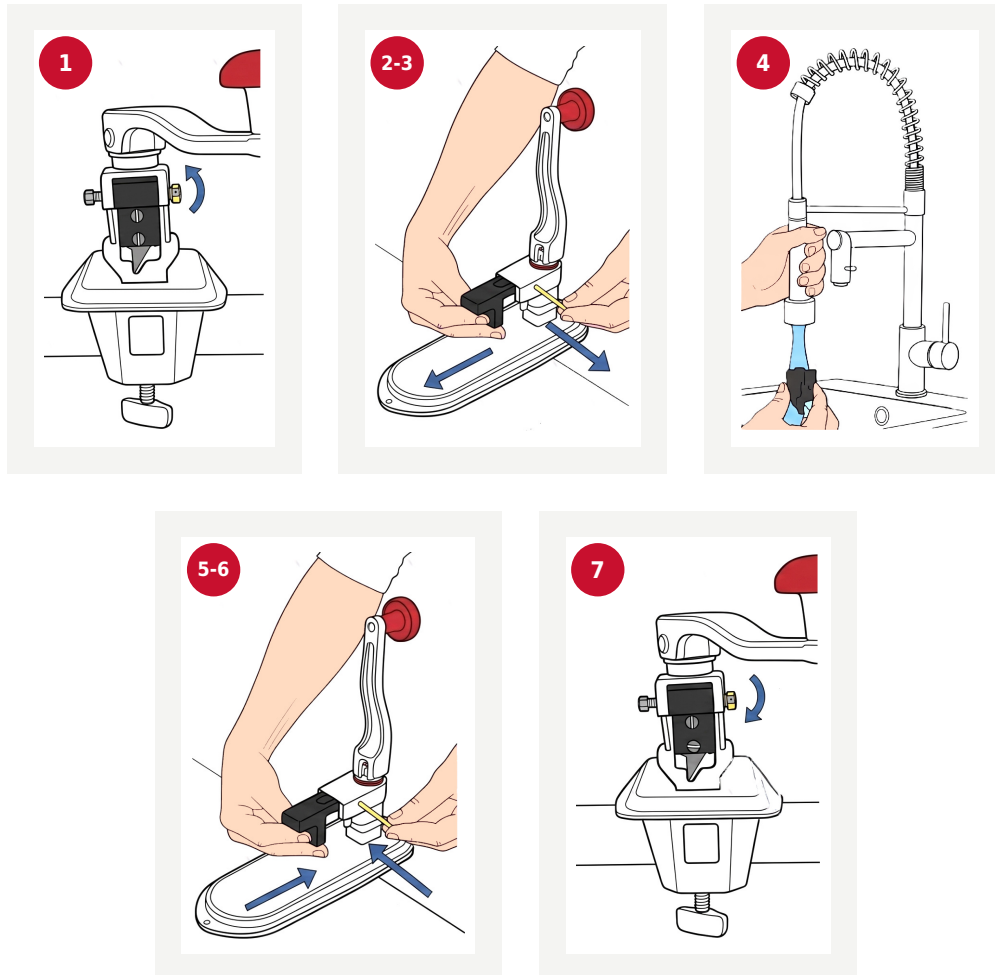

Easy to Clean system

Blade removable without tools — full sanitising between uses

Sanitising sequence

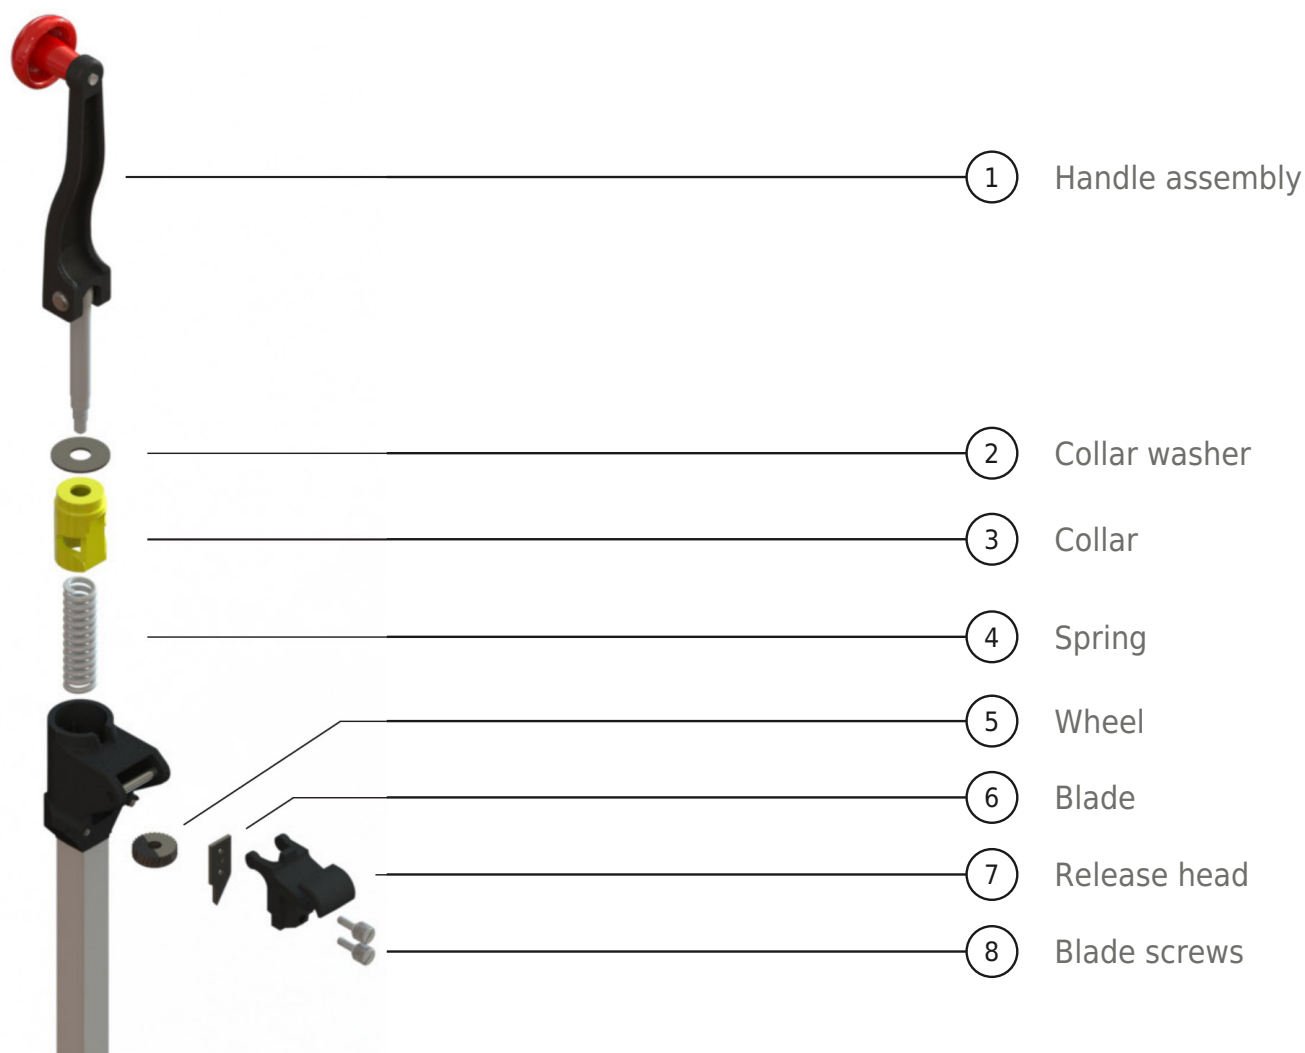

On Bonzer® Classic and EZ40 — quick-release pin

- 1 Turn the yellow catch to the open position.
- 2-3 Pull out the pin and remove the blade from its seat.
- 4 Wash the blade with water and antibacterial detergent.
- 5-6 Refit the blade and the locking pin.
- 7 Turn the yellow catch to the closed position.
