

Bonzer® Black EZ60

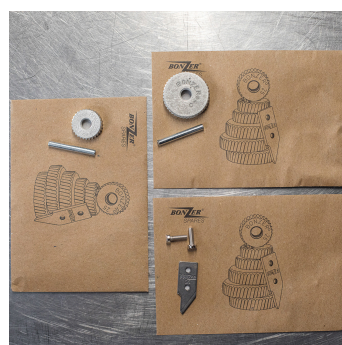

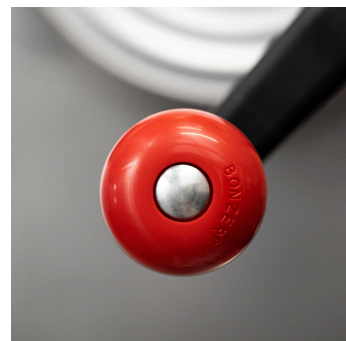

Heavy duty, effortless

DARIDRASERO

Bonzer® Black EZ60

NSF heavy-duty professional can opener with 63 cm long shaft

40 mm gear wheel and long handle for maximum mechanical advantage: opens large formats and industrial cans in a few seconds. EaziClean, NSF. For schools and canteens up to 60 cans a day.

1. 40 mm wheel + long handle

The oversized 40 mm gear wheel advances further with every turn of the handle and noticeably reduces opening time compared with the 25 mm wheel. It opens cans of every shape and diameter, up to industrial sizes, in a few seconds.

2. Removable pull-off EaziClean blade

Tilting the handle back releases the blade carrier in one movement, for washing under running water and full sanitising.

3. Stainless steel blade

A clean, consistent cut; an edge that is smooth and safe to the touch, with no metal burrs in the food.

4. Certification NSF

Compliant with the international food-safety standards required in professional catering.

SKU EZ60

Manufacturer code	10082-02
EAN	5023476048234
Capacity	60 cans/day
Wheel	40 mm
Blade	Stainless steel AISI 301
Certification	NSF
Working height	max 56 cm
Weight	2,53 kg

Gross weight 6 pcs (kg)	17,62
Packaging	Recyclable cardboard

Mitchell & Cooper Ltd: ISO 9001:2015 · ISO 14001:2015 · Sedex Supplier Plus · NSF — Made in Uckfield, UK

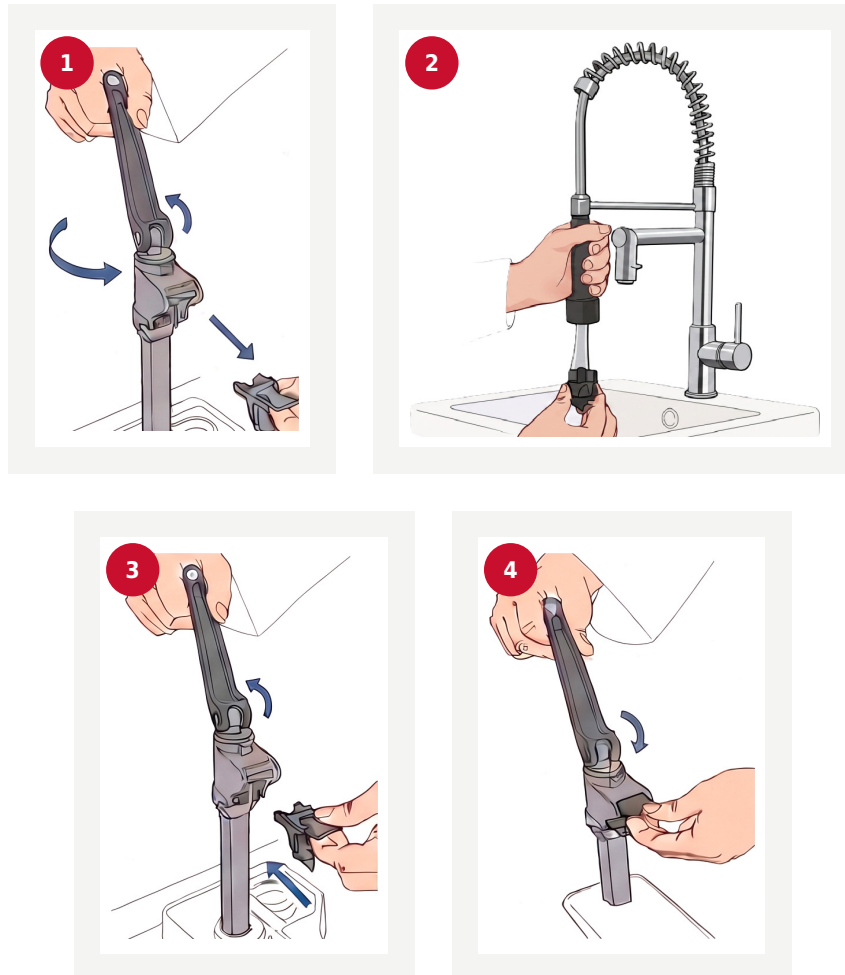

EaziClean system

Blade removable without tools — full sanitising between uses

Sanitising sequence

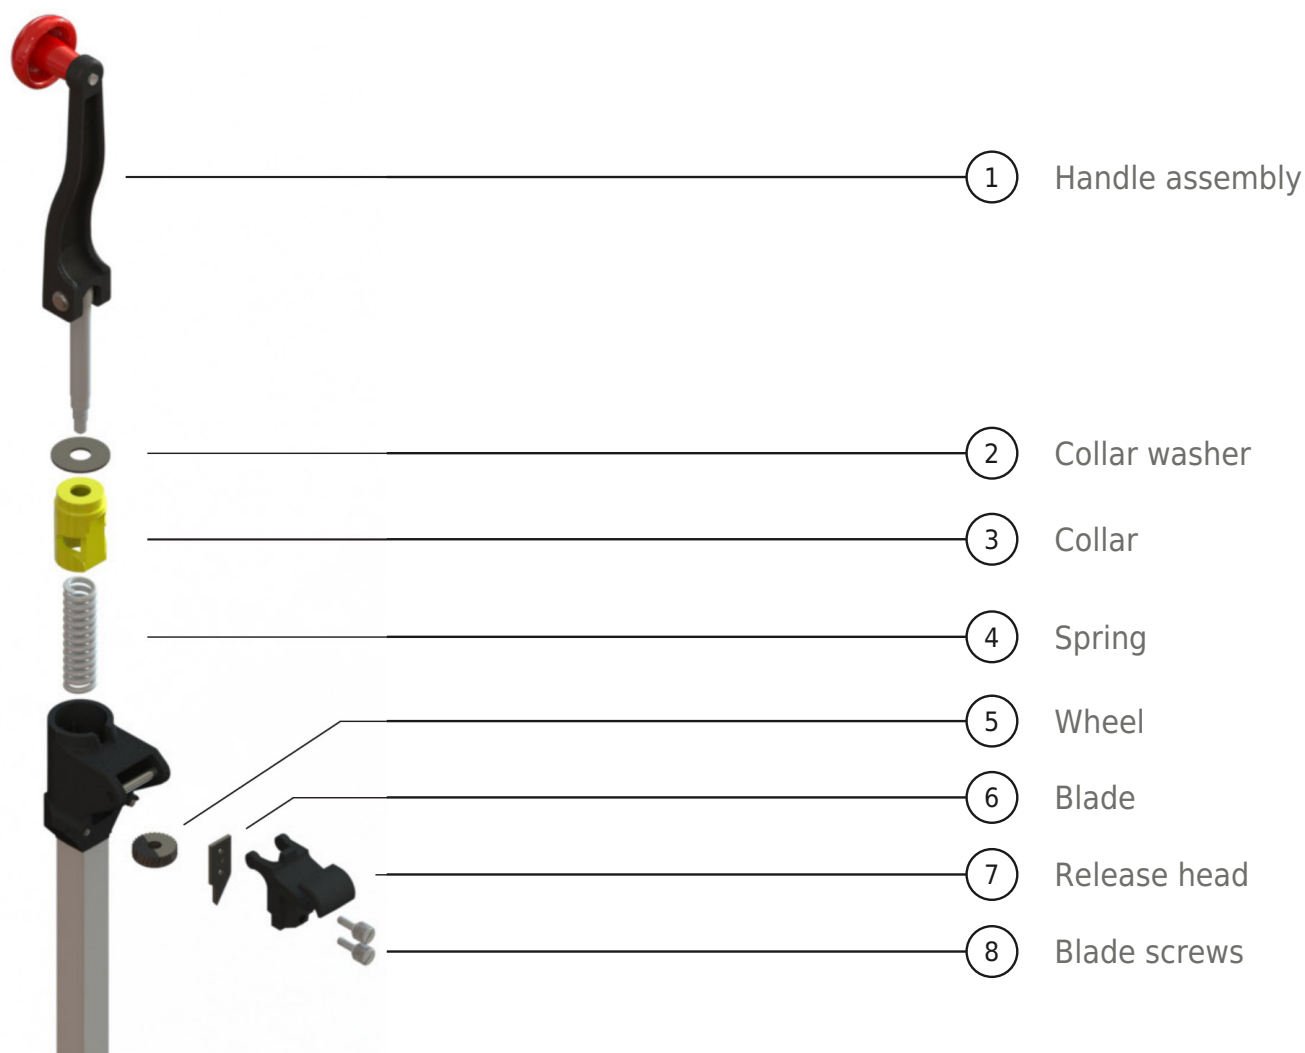

On Bonzer® EZ20, EZ60 and Titan — pull-release

- 1 Turn the lever and release the blade.
- 2 Wash the blade under running water with antibacterial detergent.
- 3 Pull the lever to seat the blade again.
- 4 Release the lever to lock the blade.
