

Bonzer® Classic R Junior

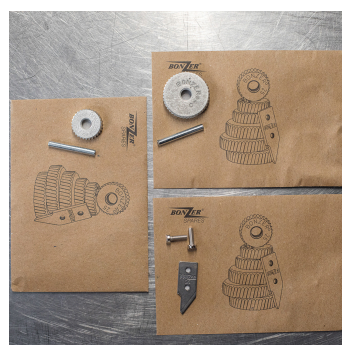

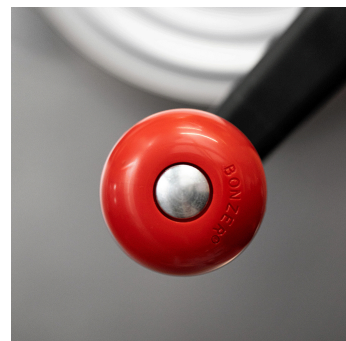

The clean cut

DARIO CASERO

Bonzer® Classic R Junior

Junior · 41 cm shaft · dariosero SKU 103

The entry-level professional can opener of the range, the best-selling Bonzer®. Black Edition finish: matt black with the iconic red knob. Ideal for bars and small restaurants.

1. Removable Easy to Clean blade

The quick-release pin lets the blade be fitted and replaced in seconds. A clean blade is essential for food hygiene and is often checked by inspectors.

2. Up to 10 cans a day

The Bonzer range covers every workload: for heavier use a higher model is recommended, for the sake of comfort and of blade and wheel life.

3. Clean cut

The blade is not sharpened: it makes a clean, safe cut with an edge you can run a finger along without risk, and it leaves no metal swarf in the food.

4. Easy maintenance and spare parts

Gear wheels and blades are wear parts, quick to replace. The wheel is dishwasher safe; the hardened, non-stainless blade is hand washed and dried at once. For the dishwasher: stainless blade AISI 301, SKU 011955.

SKU 103

Manufacturer code	10071-01
EAN	5023476013423
Capacity	10 cans/day
Wheel	25 mm
Blade	Hardened steel

Easy to Clean system

Blade removable without tools — full sanitising between uses

Sanitising sequence

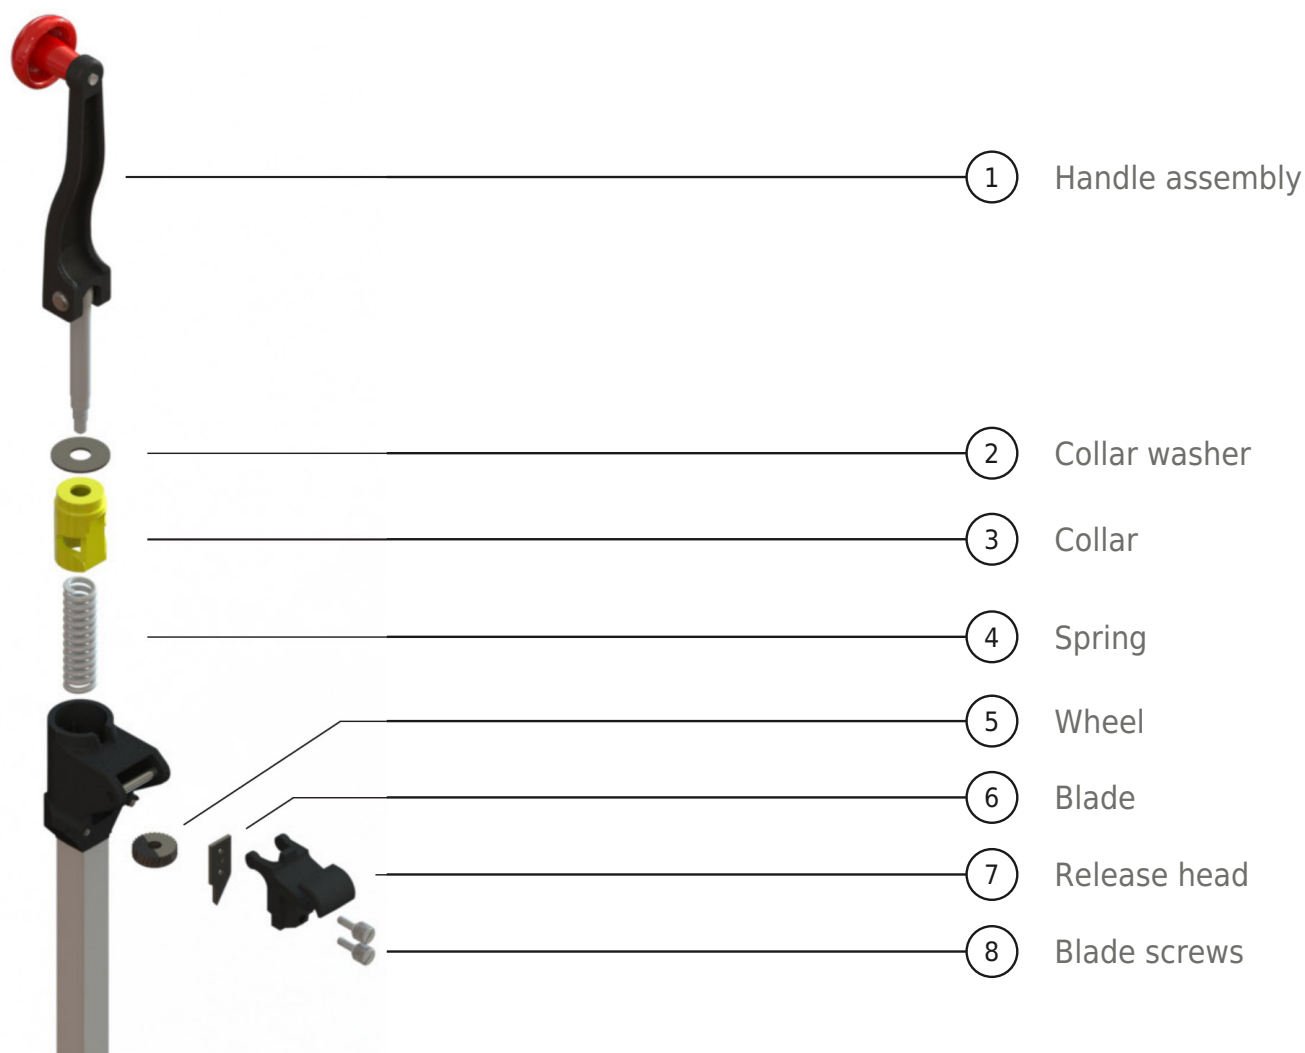

On Bonzer® Classic and EZ40 — quick-release pin

- 1 Turn the yellow catch to the open position.
- 2-3 Pull out the pin and remove the blade from its seat.
- 4 Wash the blade with water and antibacterial detergent.
- 5-6 Refit the blade and the locking pin.
- 7 Turn the yellow catch to the closed position.
