

Flat plastic scoop 2400 ml

SKU 3126WT · Flat base for scooping from the bottom

CARIDORASERO

Flat plastic scoop 2400 ml

SKU 3126WT · Flat base for scooping from the bottom

Flat 2400 ml food-grade polypropylene scoop, made in Italy, for completely emptying sacks, bins, crates and packs. Fully recyclable and dishwasher safe.

1. The 2400 ml size

Empties packs and containers of flour, sugar, cereals, pulses and grain in a few movements.

2. Lowered front edge

It slides the scoop under the product; the flat base collects every last trace from the bottom of containers, bins and crates.

3. Non-slip texture and antistatic surface

A firm grip even with gloves; powders do not cling to the walls, for clean decanting of flour and bulk goods.

	Red	Raw meat
	Blue	Fish and seafood
	Green	Fruit and vegetables
	Yellow	Cooked meat and deli
	White	Bakery, dairy and dry goods / pantry
