READ BEFORE USE

Read these instructions before use and keep them for the whole life of the product. The «General warnings and conditions of use» (dariorasero.com) are also part of these instructions.

1. INTENDED USE AND COLOUR CODING

Food cutting surface in high-density polyethylene (HDPE). Use each colour only for its food category:

Colour	Food category
Red	Raw meat
Blue	Raw fish and seafood
Green	Fruit and salads
Yellow	Cooked meats (cold or at room temperature)
White	Dairy and bakery products
Brown	Vegetables

If the food safety plan specifies a different assignment, the plan takes precedence.

Place the chopping board on a stable surface, on a damp cloth or a non-slip mat, so that it does not slip during cutting.

PROHIBITED USE

Do not use as a pan stand or near flames and hotplates; for splitting bones or frozen food with a cleaver; for non-food substances. Do not plane or sand the surface.

2. CLEANING

Before first use, after each task and before changing food: scrape off residues with a spatula, wash with hot water and detergent, brushing the cut marks, or in a **dishwasher**; sanitise and rinse. Leave to dry **upright**, separate from the others, away from heat sources: if stacked wet, it will warp.

3. INSPECTION, STORAGE AND DISPOSAL

Replace the chopping board when it has deep cut marks that cannot be cleaned, or is warped, cracked or has stains that will not come off. If plastic fragments come away, discard the food concerned. Store dry, upright, separated by colour. At end of life: according to local municipal rules.

4. FOOD CONTACT

The chopping board is entirely intended for food contact, for short and repeated contact during preparation, with chilled food or food at room temperature; it is not intended for storage or for contact with hot food straight from cooking. The declaration of compliance is sent with the shipping confirmation.

Warranty, liability, obligations of professional users, traceability and reporting: see the «General warnings and conditions of use» published on dariorasero.com. In case of discrepancy between the language versions, the Italian version prevails.
