Round plastic scoop 150 ml

SKU 1012WT · Food-grade polypropylene, 5 HACCP colours

Round 150 ml food-grade polypropylene scoop, made in Italy, for spices, yeasts, fine salt and additives. Fully recyclable and dishwasher safe.

1. The precision dosing size

150 ml: the smallest in the series, for spices, yeasts and additives where control matters, not capacity.

2. Non-slip handle texture

The knurling on the upper side of the handle increases grip and ensures a firm hold even at full load or with gloves.

3. Reinforcing rim and antistatic surface

The rim around the body ensures rigidity under load; antistatic polypropylene keeps the product from clinging to the walls.

	Red	Raw meat
	Blue	Fish and seafood
	Green	Fruit and vegetables
	Yellow	Cooked meat and deli
	White	Bakery, dairy and dry goods / pantry
