

Universal Basic blade with screws

SKU BLCOBS · stainless steel · original spare part

DAVIDGREEN

Universal Basic blade with screws

SKU BLCOBS · stainless steel · original spare part

Original spare part for dariorasero® Basic can openers. Cutting blade with screws; removed for dishwasher cleaning and for replacement, according to HACCP criteria.

1. **Fixing screws included**
The blade comes complete with fixing screws: replacement needs no other components.
2. **Removable for cleaning**
It comes off without special tools and goes in the dishwasher, as HACCP criteria require.
3. **Cutting part**
Together with the gear wheel it forms the can opener's cutting system: they wear together and are replaced together.
4. **Fits the whole Basic line**
The same spare part fits both Basic 40 and Basic 63.

SKU BLCOBS

SKU dariorasero	BLCOBS
Material	Stainless steel
Fixing screws	Included
Weight	10 g
Compatibility	Basic 40 · Basic 63
