Bonzer® Universal De Luxe Base

With logo · dariosero SKU 10257-08

Original Bonzer® replacement base with logo, De Luxe version, for professional countertop can openers. It is the structural element that carries the cutting group and anchors the can opener to the work station.

1. De Luxe version with logo

Original branded Bonzer® base: it is the element that gives the can opener its stability while cans are being opened.

2. For the whole countertop range

All Bonzer® countertop models have a 250×110 mm base. On the Titan it replaces the raised-profile stainless steel base («top hat») fitted as standard.

3. Supplied without clamp and without screws

Clamp and fixing screws must be ordered separately if required.

SKU 10257-08

Version	De Luxe with logo
Base (mm)	250×110
Clamp	Not included
Fixing screws	Not included
Pack	1 piece
Origin	UK

Supplied without clamp and fixing screws: to be ordered separately.

COMPATIBLE WITH

Classic Junior · Classic Super · EZ20 Junior · EZ20 Super · EZ40 · EZ60 · Titan

Bonzer® Universal De Luxe Base

Technical data sheet

10257-08 · Universal De Luxe base

dariorasero SKU	10257-08
Version	De Luxe with logo
Base (mm)	250×110
Material	Stainless steel
Net weight	500 g
Dishwasher	Yes
Clamp	Not included
Fixing screws	Not included
Origin	UK
Pack	1 piece

The base does not appear among positions 1-8 of the assembly diagram: it is not part of the cutting group.

Titan: fitted as standard with the raised-profile «top hat» stainless steel base; the De Luxe is the standard base of the range.

When the can opener is replaced it is worth replacing the base too.
