

Bonzer® Universal Stainless Steel Blade with Screws

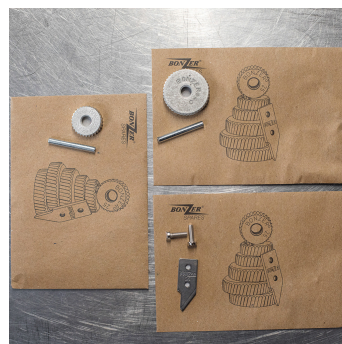

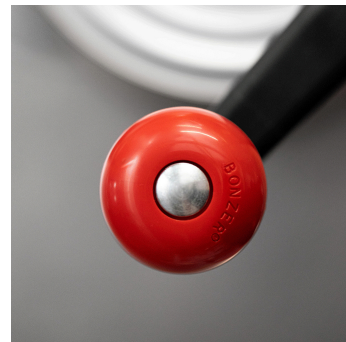

AISI 301 stainless steel, for heavy-duty use

DAVIDRASEO

Bonzer® Universal Stainless Steel Blade with Screws

Stainless steel AISI 301 · heavy-duty use · dariosero SKU 0119SS

Original Bonzer® replacement blade in 301 stainless steel, complete with fixing screws. Tougher and more hygienic than hardened steel, it lasts longer and is easier to clean.

1. Stainless steel AISI 301

Tough, long-lasting and hygienic: the recommended choice for the heaviest use and for environments where hygiene comes first.

2. Fits the whole range

Compatible with Classic, EZ20, EZ40, EZ60 and Titan: fitting is identical. It can replace the hardened steel blade on the Classic too.

3. Wear part

Blades and wheels wear with use: periodic replacement restores the performance and efficiency of the can opener.

4. Replaced in seconds

Loosen the screws, fit the new blade with the stamped side towards the release mechanism and tighten the screws again.

SKU 0119SS

Material	Stainless steel AISI 301
Fixing screws	Included
Position in exploded view	6 · Blade
Manufacturer code	10069-02
Type	Wear part
Pack	1 piece

Blade replacement

Bonzer® Can Opener Wall Guide — Blade fitting

Replacement sequence

Valid for all models: the blade is fitted the same way across the range

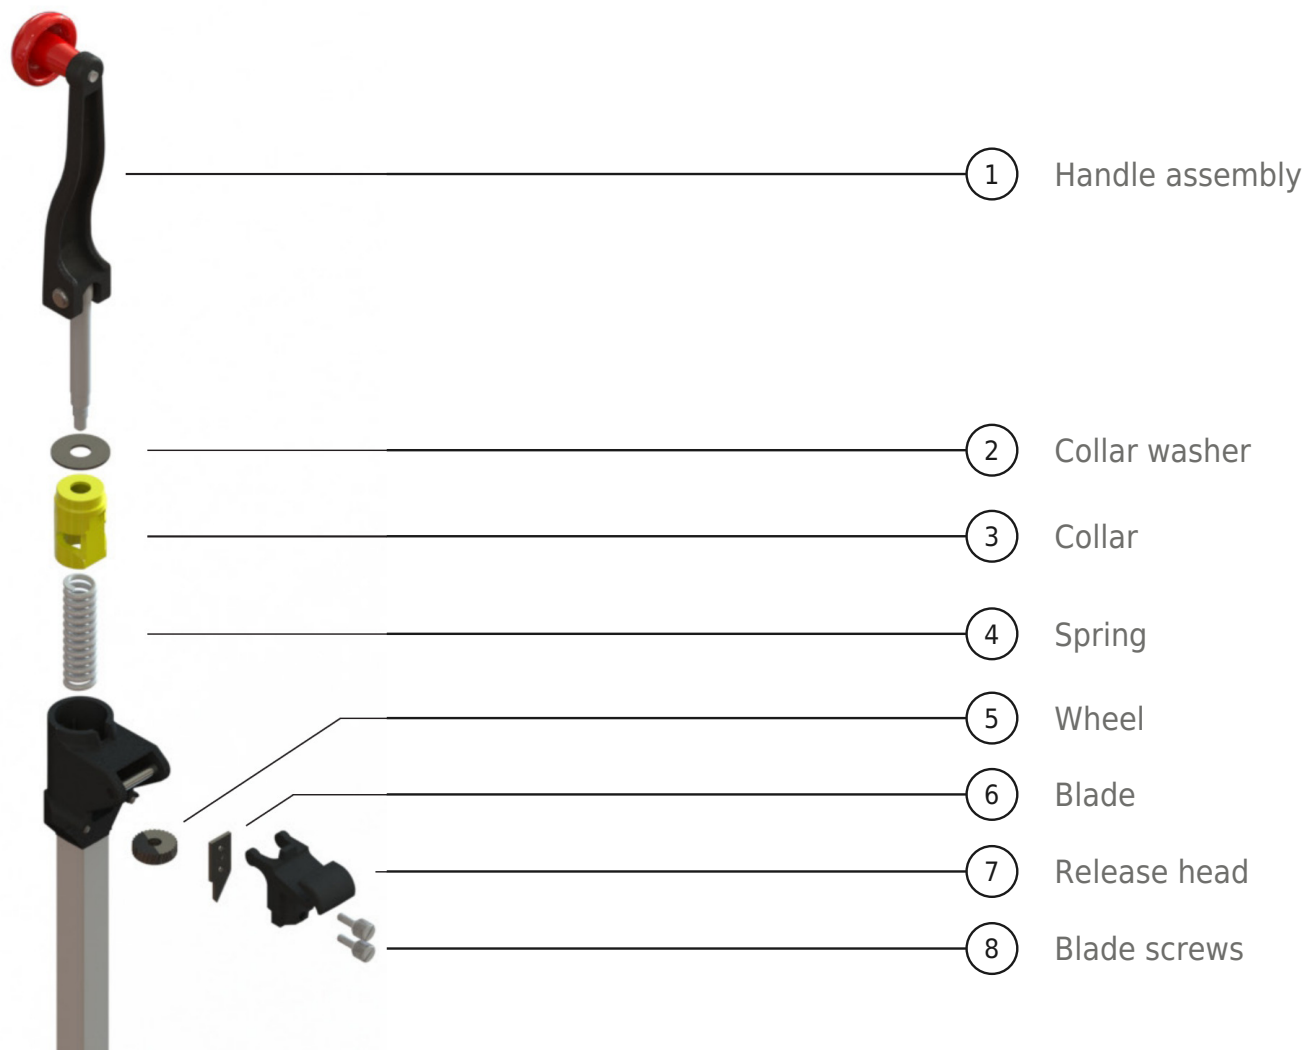

- 1 Loosen the screws to free the blade.
- 2 Fit the new blade with the stamped side facing the release mechanism.
- 3 Refit the screws and tighten them.

Never sharpen the blade: a sharpened blade leaves cutting edges.

Replace chipped blades.
